

Samar Essam

mechatronics engineer

student at assuit university mechanical
engineering department mechatronics section.

LinkedIn: <https://www.linkedin.com/in/samar-essam-63891411a/>

Facebook: <https://www.facebook.com/profile.php?id=100006085574083>

Education

faculty of engineering / assuit university assuit
From 2014 to 2019

high school / borg elnour high school aga,
aldakhlia
From 2011 to 2014

Education

how to make ROV / eg robotics zweil city
September 2016

c & pic microcontroller / jelecom cairo
From June 2016 to August 2016

microcontroller level 1 / spark academy Al
Mansoura
From August 2018 to September 2018

classic control / egycet assuit
From July 2017 to August 2017

Skills

self learning

- 1-labview
- 2-latex
- 3-solidworks
- 4-AVR

teamwork

- 1-assuit robotics team (mechanical team for building a cnc project)
- 2-MO_garage team in elsa competition(design fire fighting system&eleit)
- 3-IRC competition in banha (design &built small car with gripper)

member of organization committee
